

CURRICULUM VITAE

Ulrich Kohli was born in Zurich, Switzerland, in 1948, and he grew up in the French speaking Canton of Vaud. He holds a licence ès sciences économiques from the University of Lausanne (1971), an M.A. in Economics from Queen's University in Kingston (1972), and a Ph.D. in Economics from the University of British Columbia in Vancouver (1976). He has been an economist at the Bank of Canada in Ottawa (1975-1977), an assistant professor at the University of Lausanne (1977-1979), a senior lecturer at the University of Sydney (1979-1981), an associate professor at the University of Colorado at Boulder (1981-1983), and an economic adviser at the Swiss National Bank in Zurich (1983-1985). From 1985 to 2001, he was a full professor at the University of Geneva, and he was chairman of its Economics Department from 1997 to 2001. He has been a visitor at the Reserve Bank of Australia (1980 and 1983), the University of British Columbia (1988), the University of Colorado at Boulder (1990, 1991-1992, and 1994), the Bank of Tanzania Training Institute (1994, 1995, 1997, and 2001), and the State Bank of Vietnam Training Center (1996, 1998, 1999, and 2000).

In 2001, Ulrich Kohli returned to the Swiss National Bank in Zurich, as Chief Economist and Alternate Member of the Governing Board. He is also Head of International Affairs, and remains an honorary professor at the University of Geneva.

Ulrich Kohli has published over sixty articles in refereed journals in the areas of international trade, production theory, economic growth, monetary economics, and macroeconomics. He is the author of *Technology, Duality, and Foreign Trade: The GNP Function Approach to Modeling Imports and Exports* and of *Analyse macroéconomique*. He has been awarded the *Harry Johnson Prize* (1979) by the Canadian Economics Association and the *National Latsis Prize* (1986) by the Swiss National Science Foundation. He has been a member of a number of government commissions and working parties on various issues such as social security, monetary policy, foreign policy and international migration, in Switzerland and elsewhere, and he has served on the executive committee of the Swiss Society of Economics and Statistics, on the National Research Council of the Swiss National Science Foundation, on the Standing Committee for the Social Sciences of the European Science Foundation, and on the Swiss Federal Commission on Economic Activity, which he chaired in 2001. He is a member of the editorial committees of various international scientific journals.

Ulrich Kohli is married and has two adult daughters. He enjoys sailing, skiing, and hiking.
